GOCO Retreat Ubud will include a wellness centre with 45 treatment rooms, as well as consultation rooms, TCM rooms, an ayurvedic centre, nursing facilities, a medi-spa, fitness studios, outdoor salas and an extensive outdoor rainforest bathing area.

The retreat will deliver integrative wellness programmes that are designed around the guest's personal wellness journey, utilising extensive professional consultations to prescribe specialty treatments, along with focused nutrition and exercise.

A comprehensive range of services that are rooted in best practices, Asian traditions and knowledge will be blended with contemporary Western medical science.

The retreat will include 74 guestrooms as well as 80 branded residences, along with a wellness restaurant, tea lounge, thermal bathing cafe, farm-to-table restaurant, cooking school, artists' studios, aromatherapy distillery, organic farm, organic gardens, amphitheatre and jogging and bike trails.

GOCO is also planning wellness retreats in [Bhutan](#) and [California](#).
